

ELEVATION BCA A T I O N E L E V GRANT

Burlington City Arts is thrilled to announce the recipients of the 2022 Elevation grant, a program that helps artists and artist groups affiliated with Burlington's artistic community address the basic challenges of artmaking with funds that may be tailored to the recipient's needs at any stage of the process to realize their creative goals. The Elevation grant is a one-year pilot program that will bridge support for artists as other pandemic-related funding sources reach their end and provide financial resources to artists who are working to advance their careers. We are proud to provide grants to a wide group of talented artists working in a variety of artistic disciplines, including music, theatre, visual arts, and more. The program offers artists the opportunity to receive up to \$5,000 in funding, providing crucial support for the development and realization of their projects.

The selection process for the Elevation Artist Grant was highly competitive, with applications reviewed by a panel of artists, arts professionals, and community members. We received a record number of applications this year, making the selection process even more challenging for the panel. The recipients of this year's grants represent a diverse range of talented and innovative artists in the Burlington community, and we are thrilled to support their growth and development through the Elevation Grant program.

We are excited to see the projects and work of these innovative artists come to fruition and make a positive impact in the Burlington community. The Elevation Artist Grant program is a vital part of Burlington City Arts' mission to support and nurture the artistic community in our city. We believe that supporting the growth and development of local artists is essential for the vibrancy and cultural richness of our community. We are proud to be able to provide support to these talented artists and look forward to seeing the impact of their work in their artistic career and the wider Burlington community.

Congratulations to all of the recipients of the Elevation Artist Grant, and we look forward to supporting their artistic endeavors in the future.
